

NBC Stands For 'National Broadcasting Cover-Up ...'

I AM at last responding to the letter NBC Replies that appeared in The Namibian of February 27 1998.

My accusation that the NBC is boycotting the Single Quarters scam still stands. This trial is still ongoing but it was only on NBC TV News three times. Those on trial are charged with defrauding the taxpayers or alternatively of misusing donor funds. I am not saying that they are guilty but only the fact that the money involved is public funds and we have the right to know what is happening to our money.

By the way, the NBC is supposed to be a public broadcaster funded by us through our tax money and licence fees.

~~If this case is not of national inter-~~

est what is then of national interest?

The nation wants to know how the hard-earned money they pay - through taxes - is spent.

We want to know whether we have elected the right people to public office.

We do not want to hear that they are only doing good while the dirt is being swept under the carpet.

I believe it is the responsibility and duty of the national broadcaster to keep the nation informed of the good and the bad happening in our Government. It is not senseless talk about covering up. NBC, YOU ARE COVERING UP!! Prove me wrong!
