

Anger of fools

NAMIBIA will be free, no matter whether Pretoria, the US, West Germany or Portugal likes it or not. Even the interim government knows this. The tactics and efforts by South Africa to delay Resolution 435 is a bluff, and independence will come.

White compatriots should join the struggle for the liberation of Namibia.

We must not allow ourselves to be mastered by anger, for the saying goes: 'Be not hasty in the spirit to be

angry for anger resteth in the bosom of fools'. The Botha Government should know that we have had enough of war and it must come to terms with the United Nations and Swapo to secure a peaceful settlement.

We should remember that a coward dies many times before his death; the valiant never taste of death but once. So people should get up and stand up for their rights.

We have lost many people in this war, and do not want to lose any more. We want Resolution 435 to be implemented now. We want equal rights and justice for all. Namibia is big enough for us to share.
