

# Bursary 'Bullies' Told To Get Real On Facts Of Life

*IN response to the letter Bursary Money Belongs To Us by CASH OR CHAOS, which appeared in The Namibian:*

*Dear Cash or Chaos at Unam and all those who feel the same way.*

*Who do you think you are? What have you contributed so far that gives you the right to "warn the Ministry of Higher Education that they are playing with fire"?*

*Let me tell you something... You are very lucky that you have received a bursary - there are hundreds of others who desperately need it and would make a huge success of it - without 'warning' and threatening the Ministry.*

*A bursary is there to pay for university fees, hostel fees, books, etc, and definitely not for luxuries! If you want to have money for luxuries, find WORK.*

*If you do not pay for books, how are*

*you going to study?*

*Bursaries are not paid out in cash because most students would spend the money irresponsibly and demand more.*

*It is the taxpayer that pays bursaries and when I, as a taxpayer, consider your attitude I am correct in stating that you do not deserve to be at Unam. You have the audacity to say, "Give to Caesar what belongs to Caesar".*

*I wish to remind you that nothing belongs to you, unless you have paid for it with money that you have earned, and not from threatening people.*

*I am sick of parasites like you, and advise you that with your attitude you will not make it in the future - be it with your family, your church, your money or your workplace. Think about that.*
