

# Govt Taken To Task

THE new fad of Government departments using taxpayers' money to convey messages (and/or adulation?) by way of advertisements in newspapers (or do they maybe collect amongst the staff members?) is sickening and Windhoek is the only place in the world where this phenomenon occurs!

Stop wasting our tax money.

One ad (like the Prime Minister on behalf of the people) is more than enough!

**WANT MY MONEY BACK**  
**WINDHOEK (via e-mail)**
