

# Why Waste Time Voting For Swapo?

THE judgement on Ongwediva is uncalled for. Our judges are still out of order and democracy is surely sinking. It no longer makes sense for anyone to stand in very long queues to elect Swapo because it is just a waste of time. The person (s) you voted

will not be the person to represent you. We are very shocked by this judgement and particularly by the intervention from top authority. Let's please all maintain peace and stability in our country by not provoking the forces that will destroy it. Those that

don't know much about politics should acknowledge experience from Africa and elsewhere that such political conditions cause civil conflicts and dictatorial regimes.
