

the forth coming elections in order to enable the people's organisation to score more than the two-thirds majority of the Namibian population so that we can create a new Namibia in which each and every Namibian citizen will enjoy the fundamental human rights and lead a happy life free from oppression, exploitation and injustice under the leadership of the genuine people's leader president Sam Nujoma.

SWAPO is the people and the people are SWAPO.

Ahtisaari has failed

Forces making for dividing the UN Special Representative, Mr Marthi Ahtisaari, Margaret Thatcher, South Africa, DTA, Koevoet and Action Contra Res 435 have become forces who want to divide the Namibians for freedom, love, peace and unity.

Ahtisaari has failed in his mission, like Dr Ercher, the Vice Secretary General of Kurt Waldheim in 1973. Because the ends he served will take him no further than himself.

It is SWAPO's deep conviction that all the people wish to be free and that their desire for freedom is rooted

in the soul of every one of us. A people long subjected to foreign domination, however, does not always find it easy to translate that wish into action. Under arbitrary rule, people are apt to become lethargic, their senses are dulled. Fear becomes the dominant force in their lives; fear of breaking the colonial and apartheid laws.

SWAPO, who led the struggle for freedom, broke through this apathy and fear. We gave active expression to the universal longing to be free.

Our leaders strengthen the peoples' faith in themselves, and encourage them to take part in the freedom struggle.

I am convinced the unity of the Namibians outweigh those who divide us.

Forward with the struggle.
