

Happy birthday

I TAKE pleasure in associating my Ministry in the joy of your staff on the occasion of your newspaper's birthday.

The Namibian has always been associated with the justice struggle of the Namibian people. It has been one of the papers known for its objective reporting in our country. The aims and objectives that your newspaper stands for has immensely contributed to national reconciliation and peace in our country. Indeed, given this remarkable record, which patriotic citizen of this country would not wish your newspaper perpetual existence!

Happy birthday The Namibian newspaper.
