

To Dr Gonzo

MAY I congratulate Dr Gonzo for the brilliant (and hilarious) article - The Saga of the Koevoet Koerant and the Three Bears. Dr Gonzo says we need a haiku for a constitution - here's a start (although boring, it fits):

A NEW CONSTITUTION

A constitution
must guarantee freedom for
each individual.

For good measure here's a
cinquain:

A NOTE TO MR AG AG

We want
Freedom and peace
Employment and prosperity
For ALL!

What your newspaper lacks now is
a note telling us what's showing at
the local cinema.
