

On Matjila

This is an open letter to the so-called Minister of Education, Mr Andrew Matjila and I refer to his shameful speech on the Radio Owambo in the Okambiya Kamahola programme.

He was speaking about boycotts in the north as well as in Katutura, Windhoek. What upsets me is when Mr Matjila said that the students have nothing to do with the implementation of the future plan, Resolution 435.

This arose from the time students wrote placards demanding the immediate implementation of the peace plan.

How can he say we students are too young to demand the implementation of the plan?

I personally say to him that we students are not children and foolish. He has allowed himself to be used by South Africa.

I warn Mr Matjila to tell his Makakunyas to end the tear gas and rubber bullets as the way of suppressing the strikes. We students are the leaders of tomorrow and we are not mistaken to demand the implementation of the 1978 peace plan.

We are tired of colonialism.
